ACADEMIC EXCELLENCE

Live and

In a decade that Monol has thrived in providing English language courses, the academy has gained more than enough experience to learn the studying habits, capacities, and culture of its students. With additional research, it was able to form and create course materials, which are specific to a diversifying student demographic. Further, each course has its own unique methodology, framework, and approach but is, all the same, geared towards a more comfortable use of the English language and global competence.

Comprehensive Curriculums

> The concept of the Spiraling Framework and Communicative Approach applied in the curriculum

✓ **Retention and repetition of concepts with gradually expanding vocabulary & lesson**
The frequency of topic delivery and discussion on all proficiency levels, along with the addition of new concepts, contributes to the refinement and sharpening of students' abilities.

✓ **Adaptation of theme-based lessons**
Through theme-based lessons, students learn the appropriate language and communication expressions for real life situations and are given venues for more practice and feedback from teachers.

Competent Teachers

> Training system that ranges from general to specific courses and subjects

✓ **Expansion of teacher trainings**
There are six (6) stages of Monol's training program, which encompasses basic and advanced ESL teaching strategies as well as in-depth understanding of the various curriculums offered.

✓ **Ensuring quality teaching through regular evaluation**
The need to assess and evaluate the competencies of each teacher is present in all stages of the training program. Through validation examinations, teaching strategies as well as the teachers' training needs are evaluated to assure consistency in delivery and facilitation of classes.

Learn

DIVERSE ACTIVITIES

Since Monol believes that learning happens inside and outside the classroom; the academy assures every student that in every lesson they learn and in every new place they explore, there are various ways of enjoying and appreciating the experience.

> Seasonal theme parties (Halloween, Christmas, Valentine's, etc.)

> Essay writing contest, Class Activities, etc.

> Speech and Debating Contest

STUDENT SATISFACTION GUARANTEES

> AFFORDABLE SINGLE ROOM WITH HIGH COST-PERFORMANCE RATIO

Although our lives have basically returned to normal in the post-pandemic era, Monol constantly yields great importance to our students' personal hygiene and living space. We would like to provide a safe and comfortable personal space for our students by eliminating 4-person and 6-person rooms and increasing the number of single and double rooms. In addition, the total number of school capacity has been reduced by 50%. Hence, our students can enjoy not only the dormitories but also the convenience of our facilities and public space uncrowded.

> AN OPTIONAL MEAL THAT RESPECTS ONE'S PERSONAL PREFERENCE

Students' meals have been changed to optional as they are equipped with common kitchen facilities or a deluxe room with a kitchen. Currently, more and more students come from various countries with diverse food culture and Monol cannot meet all their needs at one time. So we have turned the key to our students - giving them the alternative to prepare their food or purchase their meals from the dining area.

> DIVERSIFIED CLASSES

The basic classes for each curriculum are 5 sessions 1:1 per day. In addition, group classes will be open for four sessions at all time. This way our students will be able to adjust more on their class time to meet their learning needs and will have more opportunity to meet and interact with their classmates. Moreover, our students can study as much as they want without additional cost to achieve cost-performance 1:1 classes and free group classes and can take up to 9 classes each day.

> MULTIPLE ACTIVITIES AND AMENITIES

Student can develop their learning power through various activities at night in the rooftop fitness center. A dedicated gym and fitness instructor provides health classes such as boxing, yoga, and pilates, which are popular these days.

In addition, the golf driving range has been renovated to provide lessons by a professional instructor, and it is also popular with those who want to enjoy golf and learn English at the same time through golf training program.

The weekend trip, which is selected by the votes of students, is carried out safely every week with the leader accompanying them.

> HOTEL-STYLE DORMITORY OPERATION

Monol runs a hotel-style 24/7 reception with a housekeeping team, and we provide disposable toiletries and towels for students upon entering the dormitory. Also, towels and bedding will be replaced and cleaned every day.

> HONEST INVOICE WITH NO EXTRA CHARGE

Tuition fees are provided not only with high-quality classes but also books, dormitory fees, cleaning and laundry service, and electricity/water bills. So there is no additional management or cost. However, actual expenses such as SSP and visa extension will be paid directly to the school.

Courses & Programs

GENERAL ESL

The General ESL course aims to build students' foundation in English and focuses on the improvement of the four macro skills, namely, Listening, Speaking, Reading, and Writing, as well as in Grammar and Pronunciation. Through the commingling of the Spiraling Framework and Communicative Approach, the course trains students to communicate with "everyday English" at the same time, promotes continuous exposure and repetition of ideas, vocabulary, and expressions for more optimal results. These features make the course ideal for students of different abilities, from beginner to advanced, who seek to gain accuracy and fluency and enhance skills.
